# Pharmacy Technician Program

Venture into a new career in one of the most in-demand professions in California and the nation! Pharmacy Technicians in Southern California earn an average of \$49,990 per year, with greater Los Angeles ranking as the third highest urban center for pharmacy technician employment in the nation (source: the U.S. Department of Labor, Bureau of Labor Statistics).

In just a matter of months, our classroom instruction and hands-on externship will give you everything you need to become a licensed California Pharmacy Technician working in a pharmacy. This is not simply a “test prep” class; this is a comprehensive program approved by the Pharmacy Technician Certification Board (PTCB), and it is a fraction of the cost of similar for-profit training programs.

If you are interested in the healthcare field, LACC Extension’s Pharmacy Technician Program is the perfect opportunity to get started quickly in a career that makes a difference in the lives of others.

*Payment plan available.*

## A Message from Our Program Manager

Hello LACC Extension Students!

The new year is approaching quickly, and with a new year comes new opportunities... the opportunity to challenge yourself, the opportunity to learn and grow, and the opportunity to step outside of your comfort zone. As a department that offers classes and programs to the community, LACC Extension is approaching this new year as an opportunity to benefit our community more than we ever have. We plan on doing this by learning more about how our program can best benefit you.

If you look throughout the catalogue, you will find a QR code in a number of places, with a heading that reads, "We want to hear from you!" With your phone, please scan the QR code and tell us what you think of LACC Extension. Tell us what you love, and tell us what you'd like to see more of. Hearing from our community is one of the best ways we can serve our community.

And while you're browsing through the catalogue, remember to find a new opportunity for yourself. Learn a new skill like video editing or special effects makeup. Have fun with sculpting or tamale making. Introduce your child to an activity like tennis or piano. Challenge yourself with stand-up comedy or painting. It's a new year, and LACC Extension is excited to provide you opportunities to fulfill and enlighten yourselves.

Have a Wonderful Holiday Season!

Thank you,

*Jason Lesner*  
Program Manager, LACC Extension

## Medical Coding & Billing Series

According to the US Bureau of Labor Statistics (BLS), the projection of growth and demand for medical coders and billers is growing rapidly. With the skill set you will obtain in this series, you will be prepared to sit for the license exam for a national certification with AAPC or AHIMA.

So if you're interested in working with a doctor's office, clinic or healthcare facility, dental office, insurance company, or independent billing company, LACC Extension's Medical Insurance Series is a great place to start your career or expand on your skills!

### Part 1: Medical Terminology

To work in healthcare, knowing medical terminology and having the ability to communicate with physicians, dentists, and other medical professionals is a must. Learning medical terminology will open the door to many job opportunities in the healthcare field. Students in this course will receive thorough instruction in developing fluency with medical terms covering the different body systems, body orientation, diseases, and medical treatments. By the end of this course, you will be familiar with word components for quick mastery of countless medical terms and be able to communicate effectively with peers in the field.

**Required book:** *The Language of Medicine* by Davi-Ellen Chabner. 10th, 11th, or 12th edition. Physical book or .pdf version.

### Part 2: Medical Insurance Coding

In physician practice it is common for the Medical Biller to also be the Medical Coder because physicians depend on the Biller/Coder to determine the diagnostic codes for procedures. In this class, you will learn how to find the proper procedure (CPT-4) and diagnostic codes (ICD-10), how to do proper code sequencing, and when to use these codes.

**Prerequisite:** Medical Terminology or experience in the medical field.

**Required Books:** *ICD-10-CM for Physicians* (Professional or Expert). Any preferred publisher. *CPT Professional Edition* (CPT/Current Procedural Terminology). Published by American Medical Association. For both books, old editions are permitted up to 2018 if only to be used for practice (2022, 2021, 2020, 2019, 2018). Current edition if to be used for current year's license exam.

### Part 3: Medical Insurance Billing

Once you have taken Medical Coding, you are ready for the final class in the series. In Medical Insurance Billing, students will get a thorough know-how of billing all 3rd party payers for physicians' charges. This class will give you a look into the differences between insurance policies and insurance companies, how to fill out forms required for billing, how to handle patients, and collect their payments. **Prerequisites:** Medical Terminology & Medical Insurance Coding. **Have your ICD-10/ CPT-4 coding books.**

### Electric Vehicle Charging Station Design, Installation, and Operation

One of fastest growing businesses in the USA and worldwide is electrical vehicle charging station (EVCS) installation. Millions of electric cars, SUVs, and trucks will be on the road due to a mandate that states that by 2035 all new cars and passenger trucks sold in California be zero-emission vehicles. This will require millions of charging stations to be installed at garages, parking lots, and roadside electric poles. EVCS installers and service providers will be in high demand all over US and worldwide, and this course offers A to Z instruction of EVCS design, installation, operation, and troubleshooting! Award of Completion issued upon student's achievement of the class. **Class fee includes materials.**

### Become a Solar Panel Installer in Under a Month

#### Crash Course in Solar Installation

Solar-energy jobs are growing 12 times faster than the U.S. economy. Per the Bureau of Labor Statistics, solar installer employment is projected to grow 105 percent from 2016 to 2026, much faster than the average for all occupations. The State of California now requires that all new homes built have solar panels installed. This rapid expansion and adoption of solar panel installations in homes, commercial buildings, golf carts, swimming pools, water fountains, attic fans, and more will result in excellent job opportunities for qualified individuals.

Our crash course in solar design and installation can help make you one of those qualified individuals. The solar industry now employs more people than coal, oil, and gas combined. Great for engineers and engineering students, homeowners, contractors, infotech personnel (smaller and remote-operated systems), and those who want to install, maintain, inspect, or design solar installations. An Award of Completion issued upon student's achievement of the class. **Class fee includes materials.**

The Los Angeles City College Extension Program is proud to introduce The Rodney Dangerfield Institute (RDI). RDI was established in honor of the late iconic comedian with the intention of giving top-notch training to the next generation of comic talent. We are excited to kick off this relationship with a stand-up comedy class and a sketch writing class. We hope you'll join us as we create a space for everyone to develop their comedy skills.

 **Off-the-Cuff Comedy Improv**

Do you have presentations at work? Are you a teacher or a lawyer or an IT worker? Do you not like the idea of public speaking? This class can help. Have a blast and learn a new skill! Actors and non-actors learn the building blocks of improvisational comedy. Comedic improvisational acting is about communication, teamwork, listening and trusting yourself, all in a very fun environment. Learn fundamentals, philosophy and rules through games, exercises, and scene work. **No class Feb 18.**

## Grades, Certificates, Awards of Completion & Attendance

LACC Extension class offerings are not-for-credit. We do not maintain grades or transcripts and do not grant degrees or Certificates as defined by the California Education Code and Title V of the CA Code of Regulations.

Students may request an Award of Completion for any LACC Extension class for just \$10. Students must have 90% or better attendance to be eligible.

LACC Extension and Los Angeles City College do not certify quality of work done nor competencies gained within our offerings unless specifically delineated. Some offerings lead to separate certification of competency or offer credentials from entities separate from LACC and the LACCD, and are specifically noted.

## Room Assignments

Due to ongoing construction, campus renovations, and other factors, LACC Extension has limited access to facilities. Rooms will typically be assigned by the college 1-2 days prior to the start of class. We appreciate your patience and will notify students via the phone and/or email information provided at registration as soon as possible. To aid us in this process, we appreciate a valid email address and local area code phone number on file with your account.

## Credits & Electronic Vouchers

Electronic Vouchers or Credits may be granted to students in lieu of refunds or for other purposes. These vouchers are non-refundable and must be used within 365 days of issuance. Electronic Gift Cards purchased by students do not expire.

## Physical Activity

Some LACC Extension offerings require a degree of physical activity and capability. All participants should check with their physician prior to beginning a new activity.

## Class Cancellations

The State of California mandates that LACC Extension programs be entirely self-supporting. This means that from time to time, we have to cancel a class that does not have enough enrollments. Classes canceled by us are eligible for full refunds and students may always opt to transfer their payment toward another class. Help us avoid cancellations and guarantee your spot – register early and register a friend! Refunds are processed as quickly as possible. Refunds for cash payments may require up to 30 working days.

## Authorized Registrant

Attendance at/within a LACC Extension offering is limited to paid/registered students, unless otherwise specifically authorized in the offering description or by the instructor. Instructors and LACC personnel reserve the right to bar/expel unauthorized persons or guests of registered students. Any person deemed to be disruptive to the class or a safety hazard may be subject to discipline or legal action pursuant to LACC/LACCD rules/regulations.

## Classroom Material Fees

Please be aware that some LACC Extension classes have material fees (for handouts/supplies) required by the instructor. Material fees are always optional. However should you choose not to purchase supplies or materials, your participation in the class may be limited.

## Refunds & Transfers: Choose your classes carefully!

All requests for refunds or transfers must be made at least two business days before the start of class and are subject to a \$10 cancellation fee per class. There are no refunds nor transfers granted after the two business days prior to class. Transfers are limited to once per class. Exclusions apply.
