

STUDENT RESOURCES

2023

LACC is committed to helping students in need. There are resources available that many students are not aware of. I will try to update this list as new resources become available. Please know, your instructors, such as myself, are here for you. We recognize the prevalence of insecurities of basic needs many students face. Let's work together to help fight these challenges. If you learn about any new resources to help other students, please share with me, I will add it to the list.

What kind of resources are available?

Student success can be hindered for many reasons: food and housing insecurities, no access to wifi or electronic devices, not being able to afford textbooks and class materials...the list goes on! I will try to cover as many different types of resources available to ensure students success.

- Academic support
- Students with special needs
- DACA Students
- Veterans
- Diversity and Inclusion
- Tech Support
- Food and housing insecurities
- Child care
- Health and wellness
- Library

Resources

Academic Support

LACC offers a variety of [FREE online tutoring support](#) for new and returning students for a variety of subjects.

Math tutoring is available via [Pi Shoppe](#) for all math levels.

Pi Shoppe is a state-of-the-art Mathematics Tutoring Lab that has been recognized by the State Academic Senate with an honorable mention in its competition for the “Exemplary Program Award.”

[The English and ESL labs](#)

For students who need help with their essay or paper, click on link.
