## Highlights from Fall 2023

CSUN CAMPUS VISIT

LMU CAMPUS VISIT

Fall 2023 is now a semester full of memories. We gained quite some insight during our campus visits and during our workshops. TRIO always strives to meet the needs of our students. We encourage you to join us on future trips regardless of what your future plans are because you never know how each experience will impact you and motivate you to accomplish those dreams!

## First Generation College Student Day November 8th

Thank you for all who participated in First Generation College Student Day - Nov. 8th. Each year, colleges across the nation, celebrate first generation college students. It's important that as college students you celebrate yourself and your struggles as well as the challenges fellow peers may face as you strive to accomplish your academic goals!

We have a First Gen Board in the TRIO Office, if you missed this event during Fall semester, feel free to stop by and let us know what being First Gen means to you as a student at LACC. The following are some quotes from TRIO Students.

**“Being a First Gen student shows resilience to show yourself & others that passing through the hardest challenges shows others that they can pass them too.” Natalie Goodliffe**

**“Being a First Gen student means making a path for the future generation to come. It will be hard in its own way but the outcome will always be the best. Never Stop Fighting!” Erwin Mejia**

**“Being First Gen means my dreams matter. Being a single parent often means putting others’ needs first. I am seeing myself grow & bloom in ways I never knew possible. I am humbled by this opportunity to pursue an education.” Erika Burnett**
