

LSG IMAGING

We are a private Radiology practice with offices in Santa Monica and Beverly Hills, seeking to hire a full-time x-ray technologist with Rad Tech/Mammography Accreditation & Certification. This is a unique practice in that the Drs. are on site to see every patient. Our office is committed to providing personalized, comfortable care in a relaxed environment.

Job Description:

Must be able to perform 3-D mammography & fluoroscopic studies. We will teach our technique.

Flexible work schedule Monday – Friday; no nights or weekends.

Great pay and benefits; full medical & vision insurance coverage, paid 26 days off per year (including the 6 federal holidays), pension plan & bonuses.

Our Doctors and Technologists, use a wide range of imaging techniques, including:

Tomosynthesis/3D Mammography

*General CT Scan

*General Ultrasound

*Virtual Colonoscopy

*Thyroid, Breast & Hernia Ultrasound w/needle biopsy

* Not a requirement for the job. Doctors and technologists are willing to teach you.
